OIL IN VERNON COUNTY.

Missouri May Soon Boast of a Gusher or Two.

Nevada, Mo., May 4.-The Beaumont Tex., oil excitement has influenced action looking to the boring of a deep well here. Oil seeps from the sandstone formation in nearly every section of land in Vernon County, in many places rendering the wa-

ter in wells and springs unfit for use. Some of the sandrock which crops out of the ground is so impregnated with oil that

the ground is so impregnated with oil that it burns as readily as coal. One family in the western part of the county uses this rock in their stoves.

The oil, which collects in great quantity in some of the wells drilled for stock water, resembles in every particular the oil brought here from the Beaumont gusher.

A 2,000-foot well or less, sunk most anywhere in Vernon County, it is believed, will tap the reservoir.

Tone of the Press.

The press comment from both parties is extremely cautious, not triumphant. The papers all devote farewell articles to Doctor von Miquel, uniformly admitting his great ability, especially financially and administratively; but they point out that everybody had finally lost confidence in him because of his extreme cunning and insincerity. Papers of every shade join in the chorus.

Manager Donovan has not given up all hope of winning a game from the Cincinnati team, but yesterday's result was enough to disgust the pluckiest of managers. The Reds had two out of the first series, and Bobby Wallace gave promise of winning out the third for the locals in the tenth, when the score was a tie. But For-tune frowned hard on the Messrs. Robison and Becker, as she slyly winked at Manager McPhee of the "Lucky Reds" and proceeded to take a victory out of the hands of the St. Louis club and burn down No Change in the System.

The events of the last few days have proved a great sensation, but they do not mean a change in the system. It is quite certain that neither Emperor William nor Count von Buelow has the slightest intention to try to govern with the aid of the Liberals, or Radical Left, nor to dissolve the Diet. Whether the canal bill will reappear is uncertain in splite of the assurances of a bigh official. In any case the bill is buried out of sight for the time, thus meeting the wishes of the Conservatives and agrarian Centrists.

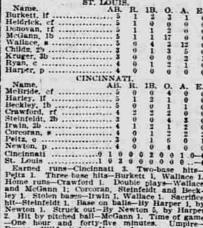

Tone of the Press.

The press comment from both parties is its grand stand.

Aside from the misfortune of the fire Itself, the game was an awfully hard one to

have ended in such a way. Roderick Wallace was at his best yesterday, and when at his best the clever short-stop "can't be beat." Wallace was not sat-isfied to get two singles, but insisted upon hitting one of Newton's fat ones for three bags when the bases were full.

That is a good day's work for any ball player, regardless of princely salaries, etc.

KING AND WEFERS RELEASED. Childs Will Be Retained as Utility

Childs Will Be Retained as Utility

Man-Reds Drop Dobbs.

Last night Manager Donovan announced that he had given ten days' notice of release to Wefers and King, neither of whom has played a championship game with the St. Louis club. Pete Childs will be retained as utility man, and, to judge from his work in the present series with Cincinnati, in which he has played second base, he is thoroughly capable of handling any of the infield positions. He gave an exhibition of his ability as an outfielder during one of the ante-season games with Kansas City, and appears to be the right man in the right place

The Cincinnati club released Dobbs last night. This means that McBride will be retained at center, temporarily at least. If McBride centinues to put up the article of ball he has shown in St. Louis this season it is hardly probable that Manager McPhee will make another change in the center garden.

The last National League game to be played in St. Louis until June 3 will take place at Athletic Park this afternoon, and the grand stand admission price will be cut, owing to the poor seating accommodations of the Grand avenue park. The bleacherites will be allowed to overflow the field at the usual "quarter a head."

Jack Harper says he is certain he could have won yesterday's game, and his teammates hack up the assertion, but there are few of them who can get over the feeling that Cincinnati has a "hoodoo" on the St. Louis club.

Western Military Academy's baseball team received a sound trouncing from the crack Smith Academy team, by a score of 29 to 14, at Pastime Park yesterday afternoon. A poor exhibition of baseball, as both teams had many errors to their credit, and some mighty dumb ball playing was done by the players.
